FOUR *GOOD* REASONS TO *NOT* REPRODUCE THIS MATERIAL IN ANY WAY

REASON ONE: It's *Not Helpful* To Patients, Clients, or Consumers

Copying this curriculum works against the very purposes for which it was written – to provide a comprehensive curriculum, complete with cautions, tips, and information specific to the dually diagnosed population.

This involves direct violation of copyright as well as the passive assent to the violation of copyright by others.

REASON THREE: It's *Not Practical*

REASON FOUR: It's *Not Legal*

“Copyright is a statutory or common law right of authors to publish their works, and to prevent others from copying their works. Violation of a copyright is called infringement. Infringement includes the unauthorized or unlicensed copying of a work subject to copyright. For example, Title 17 of the U.S. Code defines the exclusive rights of copyright holders. There are also several provisions which create crimes for copyright infringement that includes...” - well, you get the idea.
